Notes

1. CSCI 1470, 1480, 2320 form a required sequence. These courses are offered every semester. The completion of the sequence provides sufficient prerequisites for students to take any junior level CSCI courses (CSCI 33xx).
2. Required upper level computer science courses (CSCI 3190, 3330, 3360, 3370, 3380, 3381, 4191, 4300 and 4490) are offered once a year. They may not be in the exact order as listed in the plan, however, at least two or three such required courses will be offered each semester for students to complete the degree in eight semesters.
3. In selecting general education courses, one must meet the university general education requirements.
